

# Imp Club Spares

## Stock List and Prices – from July 2010

Compiled by R.J. Allan

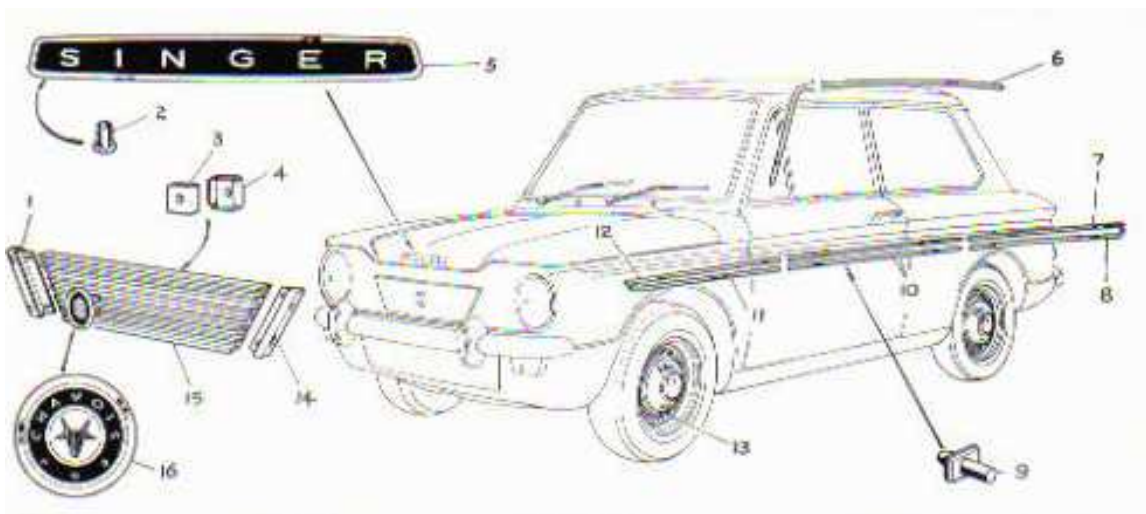

### I have now been working with Imps for 33 years!

This is the spares stock held currently by The Imp Club Ltd. We buy new after market and “new old stock” spares from time to time at advantageous prices for sale to Club Members. We also stock re-manufactured parts, to which we apply our own quality control procedure. Please don't forget that if the part you require is not listed here, then a member of the Specialist Panel may be able to locate it for you – see the last section in this Web site. You can contact me and I will suggest a supplier who may be able to help.

If members have unwanted parts for Imps or variants, or are able to source any quantity of new spares which may benefit other members, please contact the Spares Coordinator or Spares Facilitator. Some parts are now in short supply and your help is much appreciated.

For a printable (PDF) version of this list click here: [stock.pdf](#). We recommend you view the on-line version to save paper.

If you want a ready printed summary of this catalogue (24 pages) please send an SAE and £2.00 in stamps to me at the address on page 1 below.

© The Imp Club, 2005-10. The Imp Club Spares Scheme is a service offered by Imp Club Members to other Members. The Imp Club Ltd. does not accept any liability for the suitability of spares provided or for the use to which they are put after sale or information supplied. However all information and advice is given in good faith and passed on from original dealers' information or experience of Club members. Parts are bought as seen and should be returned immediately if the customer is not satisfied (there may be a small handling charge to cover postal charges).

## 1 Imp Club Spares Stock List and Prices – from July 2010

This is the list of spares held currently by The Imp Club Limited. We try to buy spares from time to time at advantageous prices for sale to Club Members. Please don't forget that if the part you require is not listed here, then a member of the Specialist Panel may be able to locate it for you.

Spares in this list are advertised at a cost which has been discounted to members for their own use. We regret that sales to non-members, or for re-sale, may be subject to an additional cost. This applies to all stock, except items marked “\*”. Since the Club is run on a voluntary basis for the mutual benefit of all members we have to ask that buyers declare their membership number. Cost of membership is, at the time of writing, £24.00 per annum for the UK (plus £3.00 once off joining fee). For overseas prices please contact the membership secretaries.

If members are able to source any quantity of new spares which may benefit other members please contact the Spares Coordinator or Spares Facilitator as below. Information given in this list includes part number, description, availability and price at date of publication subject to P&P. To order, please contact us or send a cheque payable to “The Imp Club”. We are also able to accept most credit cards, but subject to an additional handling charge of £1.00 or 5% whichever is the greater.

### Spares Coordinator

Bob Allan

Shadewood Farm

283 Chester Road

Grappenhall

Warrington

Cheshire WA4 2QE, UK

Tel: +44 (0)1925 267084 (6pm-8pm and all day weekends)

e-Mail: [spares@theimpclub.co.uk](mailto:spares@theimpclub.co.uk)

### Spares Facilitator

Keith Robbins

22 Elmwood Close

Retford

Notts. DN22 6SL, UK

+44 (0)1777 703146

e-Mail [keithandmaryr@hotmail.com](mailto:keithandmaryr@hotmail.com)

**If we haven't got what you want – please ask, as stock is changing all the time.** If we *really* haven't got it, we will find someone from the Spares Panel who may be able to help.

**Please note that we are now stocking re-manufactured components from Malcolm Anderson, Ben Boulton and ourselves, which are included in this list.** We also have new suppliers of brake components, radiators, gaskets and body seals. Prices have been updated accordingly.

**If you know of any new, unused (new), Imp or Climax spares please contact the Imp Club via Bob Allan +44 (0)1925 267084 or any other Club official. Please note that some Imp based vehicles use Triumph Spitfire front suspension and steering components. We are also willing to stock these and will recommend suppliers.**

**If you are a supplier, have experience in sourcing equivalent components, re-conditioning or re-manufacturing, and are willing to help, we would be glad to hear from you.**

## 2 Abbreviations used in Imp Club Spares List

PnP	postage and packing cost (see code below)
cw	complete with

bkt	bracket
OS or RH	offside or right hand side of car
NS or LH	nearside or left hand side of car
assy	assembly
brg	bearing
comp	higher grade part (no guarantee of winning!)
compt	compartment
diff	differential assembly
dizzy	distributor
h/lamp	headlamp
incl	includes
recon	reconditioned
sport	twin carburettor engine as fitted to Sport and Stiletto
std	“standard” engine, i.e. MkI, MkII or MkIII but not Sport
w/pump	water pump
w/screen	windscreen

### 3 Conditions Applied

Imp Club Spares (part of The Imp Club Ltd.) provides replacement parts for Hillman Imps and related classic cars as listed in these pages. This service is provided for *bone fide* members of The Imp Club to whom these conditions apply. The service is by post or personal collection, we do not deliver. The list describes the goods available and follows the terminology used in Rootes parts publications. The items provided are new, re-conditioned, re-manufactured or new old stock (NOS) to original specification as far as we can ascertain (there is a separate quality control process). There are occasional “special offers” and “accessories”. Second hand items may be offered if this is the only solution available.

The prices shown in this list are accurate at the time of publication and valid for one month thereafter. Items marked with “\*” may however vary in price at any time as we depend on our suppliers and their prices can change. We will quote an exact price to people making enquiries personally by letter, e-mail or by phone.

We currently are not VAT registered so there are no “hidden” costs. We are however obliged to add 5% or £1.00 (whichever is the greater) for handling of orders on cards or by PayPal.

Delivery costs are simply the price of normal Royal Mail postage, usually first class or Parcel Force if this is significantly lower plus a small packing cost if required (we aim to re-cycle packaging), see below. We may choose to add compensation cover to high value orders (over £39) to protect against loss.

Any member of The Imp Club is entitled to use this service and to cancel or change their order prior to its dispatch. Once dispatched/ delivered, provided the parts have not been fitted or otherwise “used”, we will refund any un-required parts returned at any time at the purchase price (if within one month) or at a price to be agreed at a later date. Postage and any other “one-off” charges however cannot be re-funded.

New, re-conditioned or re-manufactured parts carry a like-for-like replacement warranty for 6 months from the date of purchase. Any problems or complaints must be notified to The Imp Club at its official business address within one month of ordering.

## 4 Postal Rates from April 2010

Please check current Royal Mail rates as the list below may be out of date.

There is at present no handling charge, except 5% extra charge on credit card or PayPal payments – there is no VAT on goods. UK postage is charged at the following standard rates indicated by the symbol +letter following the price in the list. For instance for a set of front brake shoes at £12.00+PC you should send £16.20 which includes the Standard Parcel cost for a parcel up to 2Kg. Normal 1st class post is used for smaller items unless you specifically ask for faster delivery. Please include a first class stamp with your order or add on the price. A courier service may be used for body panels and other large or heavy items which cannot easily be packaged. This is however expensive, prices typically starting at around £15.00 in UK. We would normally try to distribute large packages via the area centre network or at an AGM, committee meeting or National Weekend. For overseas postage we try to send parcels with a maximum weight of 2Kg.

PA			LDL	750g	1.87
PB			LAP	100g	1.39
PC	2kg	4.20	LBP	250g	1.72
PD	4kg	6.85	LCP	500g	2.24
PE	6kg	9.30	LDP	750g	2.75
PF	8kg	11.40	LEP	1kg	3.35
PG	10kg	12.24	LFP	1.25kg	4.50
PH	20kg	14.26	LGP	1.5kg	5.20
LA	100g	41p	LHP	1.75kg	5.90
LAL	100g	66p	LIP	2.00kg	6.60
LBL	250g	96p	LJP	4.00kg	8.22
LCL	500g	1.32	Extra	2kg	2.80

We will usually send items over 1Kg by Royal Mail Standards Parcels. Items over 20Kg or parcels to overseas destinations will go by Parcel Force except by special arrangement. We may choose to use compensation options with these services if your goods are valuable.

## 5 Technical Books and Tools

From time to time technical books and tools become available when we buy in spares. We have listed the current stock with a guide to condition: New, A, B, C where A, B and C indicate a second hand item in condition ranging from “nearly as new” to “damaged but complete”. If you wish to acquire or pass on a particular technical book or tool please contact us.

### Books

Price depends on condition as shown in the table below. Please ask for availability as stock changes rapidly (parentheses indicate figures at time of writing). Note: WSM141 is the later Imp Workshop Manual. New parts lists are copies as supplied by Chrysler c.1976 onwards.

## 6 Engine and Auxiliaries including Cooling

**Note:** We have a range of re-conditioned radiators in stock and also new supplies of re-con water pumps and most gaskets. Rads and pumps are available on an exchange basis via the ACO network (for members only) – there is a surcharge for non members and may be additional postal cost.

We have a limited supply of old stock std shell bearings and some over sizes (currently not +.010", so don't ask...)

Hoses and gasket sets are available newly made. Re-conditioned items carry a replacement warranty

for six months from time of sale.

**Note:** Other parts being considered include: valves and piston rings; fan shroud. Silicone radiator hoses are now available at around £60 a set of three – we can put you in touch with the supplier. Tell us what else you need...

### Head and Block

	head bolt set (5 long, 5 short), std or Allen key head		15.00 *

## 7 Carburettor and Exhaust

**Note:** we are currently investigating supply of Stromberg service or rebuild kits. Unfortunately parts are currently expensive and hard to get. Solex kits are OK, including the rubber fuel transfer tube. O-rings and diaphragms are however available separately.

Cables of various kinds can be re-manufactured so available in lengths to order for special applications.

#### Solex

5040454	R-clip pump actuating rod	30	5p
7080080	diaphragm acc. pump		3.00
7080109	spindle clip	4	20p
7080134	choke pivot arm and control rod	1	2.00
	choke pivot arm lower	1	2.00
	butterfly spindle	1	2.00
7080268	return spring	1	30p
7080271	return spring	5	30p
5043876	idle screw needle	1	1.75
7080275	lock washer choke lever rod	6	10p
MPK3051	Solex full service kit	9	12.00 *
	tube fuel transfer	50	1.00 *
	gasket bowl	8	30p
	gasket top	12	30p
7080374	spring	1	30p
7080396	choke spindle late	1	2.50
7100118	manifold gasket thick	27	2.00
7100453	manifold gasket thin	26	60p
7100183	manifold paper joint	58	30p
	filter box c/w filter	2	20.00

## 8 Transaxle and Gearchange

**Note:** Clutch covers are currently hard to get and re-conditioning is proving problematic. If you have any used but reasonably good units please keep them for reconditioning. We can supply Laycock diaphragm and Borg and Beck spring and lever clutches *note, the ones we supply are the correct ones for the Imp.* Laycock diaphragm type are now only available from time to time. Alternative manufacture such as QH and LUK are also available. Re-conditioned items carry a replacement warranty for six months from time of sale.

All gearbox bearings including spigot bush are currently available.

### Clutch and Controls

7100131	clutch cover 5 1/2" MkI	8	15.00+PC

## 9 Suspension and Steering

**Note:** Re-conditioned items carry a replacement warranty for six months from time of sale.

Bolt packs for suspension (16x bolts, nuts and washers all in BZP) does front and rear now available at £27.00 plus PnP. These are "S" grade tensile as were the original. All bolts also available separately. Some stainless bolts also to order at approx 2x price.

Rear shock absorbers are available plus a small number of front ones which are now hard to obtain. We will maintain current prices as long as possible. Special requirements can be catered for including re-conditioning and springs, please ask.

All wheel bearings are currently available. We can do re-conditioned steering racks to order.

Imp Service rear springs (pair)	1	50.00
bolt 7/16 UNF x2 3/4" trailing arm pivot (w/nut washer)	24	1.53 *

## 10 Brakes and Controls

**Note:** Most service brake parts are available new to order. Unfortunately repair kits have gone up a lot recently and the Girling ones don't fit the new correct size front wheel cylinders. Rear fitting kits are now available. We also re-condition items such as brake shoes and provide a variety of friction materials. Master cylinders are available in a range of sizes for servo or non-servo cars.

Standard new and Aeroquip style hoses are available for all requirements, but price has increased slightly.

We recommend sources of front disc conversions. Re-conditioned items carry a replacement warranty for six months from time of sale.

AHV550	brake servo MkIIa recon. exchange	to order	120.00+PC *
1801568	brake/ clutch reservoir incl pipes (no cap)	1	15.00

## 15 The Specialist Panel

In addition to our own spares business, the Imp Club Ltd. aims to offer a wide range of advice on spares and services to owners of Hillman Imps derivatives. In order to do this we have created a *Specialist Panel* of professionals who have long experience of working with Imps or supplying parts for them.

Information on what is available from the Panel will be reviewed from time to time, as will the accumulated information on alternative parts from other cars and parts re-manufactured or requirements for sourcing. If you know of anyone offering particular services, or yourself wish to feature in this list, please contact the Spares Coordinator.

The following information is given for each panel member.

Name:	Name
Mail:	Postal address (snail Mail)
Contact:	Other contact (Tel, Fax, e-Mail, Mobile, Web, ESP, Pidgeon, etc.)
Description:	General area of specialisation, e.g. body panels, engines, gearboxes, stuff, competition work, etc.
Hours:	Hours during which willing to receive calls. Visit by appointment only (obviously!)

### Alpine West Midlands

Name:	Alpine West Midlands Ltd.
Mail:	Sue, Redditch, Worcs.
Contact:	Tel: +44 (0)1527 401498; Mobile: +44 (0)7767 604091; Fax: +44 (0)1527 543494; e-Mail: <a href="mailto:alpine.westmids@sunbeam-alpine.co.uk">alpine.westmids@sunbeam-alpine.co.uk</a> ; Web: <a href="http://www.sunbeam-alpine.co.uk">http://www.sunbeam-alpine.co.uk</a>

Description: We offer over 500 separate spares for the Sunbeam Alpine and Tiger sports cars, in which we specialise, together with a unique range of repair panels for Rapier, Minx, Gazelle, Superminx, Vogue, Sceptre and Fastback models. Our range of spares now covers most of the classic Rootes marque, now including Imp and Avenger (please call us), and an On line shopping facility for the purchase of our more popular items, especially from our comprehensive range of Sunbeam Alpine and Tiger parts and spares, is available now and is being expanded. Our on line shopping facility uses SSL technology – a standard means of sending encrypted data across the Internet. We can offer a Lead Free Conversion service. A wide selection of Second Hand Spares is also available.

- Description: Impwerks is the largest professional company in Australasia dedicated to this marque. A full range of parts, and services are available. The owner of the company Brian Bradshaw, is a fully qualified mechanic with 35 years in the motor industry. Brian owned his first Imp at the age of sixteen, and has owned them ever since, apart from a ten year absence in the eighties, in the United States, working for an Indy car race team. Sourcing of new parts is becoming increasingly difficult. We buy what we can out of England, and are always buying good used parts. Impwerks manufactures or refurbishes a quantity of now hard to source parts. Services include, Engine and Transmission rebuilding, Electrical repairs, Upholstery refurbishment, Race engine preparation and modifications, Suspension repairs and Wheel alignment.
